SUPPORTERS**

Ajitkumar Varma
CEO

>>> We are excited to share insights from our CEO's recent participation in the North East Start-up and Entrepreneurs' Conclave 2024 organized by NECTAR in Guwahati on March 27 - 28, March 2024. This event served as a platform to foster innovation, entrepreneurship, and collaboration in the vibrant start-up ecosystem of the North East region. During the conclave, our CEO actively engaged with aspiring entrepreneurs, established start-ups and policymakers.

This newsletter also has details about our recent service to an educational institution in Perinthalamanna.

Panel Discussions and Workshops: Our CEO participated in panel discussions and workshops focused on topics such as fostering innovation in the North East, building sustainable business models, and leveraging technology for social impact. Insights shared during these sessions emphasized the importance of ecosystem support, mentorship, and access to capital for nurturing start-ups in the region.

Networking Opportunities: The conclave provided invaluable networking opportunities, enabling our CEO to connect with diverse stakeholders including government representatives, investors, accelerators, and incubators. These interactions laid the groundwork for potential collaborations and partnerships aimed at supporting start-ups and driving economic growth in the North East.

Insights into Regional Challenges and Opportunities: Participation in the conclave provided valuable insights into the unique challenges and opportunities faced by startups in the North East region. Discussions revolved around addressing infrastructure constraints, accessing markets, preserving cultural heritage, and harnessing local resources for sustainable development. Our CEO reaffirmed Foundation's commitment in advancing the entrepreneurial ecosystem of the North East.

The North East Startup and Entrepreneurs' Conclave 2024 was a testament to the vibrant entrepreneurial spirit and potential of the North East region. Our CEO's participation underscored our organization's dedication to supporting grassroots innovation and driving positive change in collaboration with stakeholders across the ecosystem.

Showcasing Oleevia Foundation's Initiatives: Our CEO seized the opportunity to showcase Oleevia Foundation's initiatives in fostering entrepreneurship, promoting sustainable development, and empowering communities. Through engaging presentations and discussions, our organization's commitment to driving positive change through innovative solutions was highlighted, garnering interest and support from fellow participants.

Prof. Sumeet Bahl, Director of Research Collaboration at Amrita Vishwa Vidyapeetham, brought forth the institution's expertise in interdisciplinary research and technology transfer. Collaborative opportunities were explored to harness academic research for practical solutions in areas such as renewable energy, healthcare, and environmental conservation.

INSTALLATION AND INAUGURATION OF WATER PURIFIER AT SREE VALLUVANAD VIDYABHAVAN SENIOR SECONDARY SCHOOL

AT PERINTHALMANNA, KERALA

The Oleevia Foundation is happy to announce the installation and inauguration of a cutting-edge water purifier at Shree Valluvanadan Vidyabhavan Senior Secondary School in Perinthalmanna. This milestone, achieved on 13 March 2024, represents a significant stride towards ensuring access to clean and safe drinking water for the school community. The inauguration ceremony was a momentous occasion, attended by dignitaries, school officials, community members, and representatives from Oleevia Foundation. Together, we celebrated the fulfillment of a crucial need - the provision of clean water.

The installation of the water purifier holds immense importance for the school and its occupants. Clean water is not only a basic necessity but a cornerstone of good health. By offering a dependable source of purified water within the school premises, we aim to elevate hygiene standards and mitigate the risk of waterborne illnesses among students, faculty, and staff.

This initiative under our umbrella project Nairujya Bharat underscores our broader mission of supporting education and nurturing young minds. In essence, the installation of the water purifier at Shree Valluvanadan Vidyabhavan Senior Secondary School signifies our collective commitment to fostering sustainable change and enhancing the wellbeing of communities we serve.
